

Service Area

The Tufts Health Plan service area comprises a primary service area and an extended service area. The primary service area includes Massachusetts (except Nantucket and Martha's Vineyard) and towns in New Hampshire and Rhode Island where contracted primary care physicians (PCPs) are located.

The extended service area includes Nantucket and Martha's Vineyard, some towns in Connecticut, New Hampshire, Rhode Island, and Vermont, and two counties in New York, that are located a reasonable distance from contracted PCPs and hospitals. Members who live in the extended service area are eligible for Tufts Health Plan coverage and are not required to sign an enrollment waiver.

Our network includes approximately 25,000 providers and 90 hospitals. You can visit our Web site at tuftshealthplan.com for a current list of our network providers.

Tufts Health Plan was ranked America's #2 health plan* by the National Committee for Quality Assurance (NCQA).
